## Professional summary

Computer Science engineering student with hands-on experience in full-stack web development using React.js, Node.js, Django, Streamlit and Flask. Skilled in backend development with Supabase, and MongoDB, and proficient in Python and modern frontend technologies (HTML5, CSS, JavaScript). Adept at building and deploying scalable, AI-integrated applications such as fake news detectors, chatbots, and utility web apps using Copilot, Claude, and Vertex AI. Experienced with cloud platforms like Google Cloud Console, delivering efficient and user-friendly digital solutions.

## Projects

### Fake News Detector Using Machine Learning

Sep 2025

- Developed an AI-powered web app to detect and classify fake news in real-time.
- Implemented NLP and machine learning models for accurate predictions and built a responsive interface.
- Deployed the application on Render for seamless access.

### Trust Guard AI Powered Misinformation Detection

Oct 2025

- Built a web application to enhance online security by detecting phishing attempts and unsafe links.
- Designed real-time verification algorithms with an intuitive user interface.
- Deployed on Vercel for cloud accessibility.

## Education

### Nawab Shah Alam Khan College of Engineering & Technology(NSAKCET)

Sep 2023 – Present

CGPA: 9.5

Bachelor of Engineering in Computer Science Engineering(AIML)

### Ganesh Dutt College

2019

Senior Secondary Education in Math Science

Marks: 77%

## Technical Stack

- **Languages:** Python, Javascript, C
- **Frontend:** Tailwind CSS, Flask, React.js, Next.js
- **Backend:** Node.js, Express.js, MongoDB
- **Environments:** Google Cloud Platform, AWS
- **Other:** Copilot, Claude, Deepseek, Builder.io, Github, Vercel, Render

## Certifications

### Course Certifications:

- **Google Cloud Skill Boost**
  - Generative AI Academy Course Completion
- **Amazon Web Services**
  - AWS Educate Machine Learning Foundations
- **IBM**
  - Introduction to Agile Development and Scrum
- **Microsoft**
  - Introduction to Generative AI for Developers with Copilot
